Dear Dr. Carchman:

At the request of Pat Tyson in Atlanta, I have enclosed a copy of the Final Report from our ETS monitoring project in Richmond. I have not included the appendices which have not changed from the earlier draft report, which I assume that you have already.

For your information, I also enclose our submission to OSHA in two volumes: the first prepared by Elia Sterling and I includes the Richmond report; the second prepared by Dr. Ted Sterling focuses on epidemiological issues.

Please contact me if you have questions or require further information.

Sincerely,

Chris Collett
Director, Environmental Research
